

Simranjit Kaur

Data Analyst | SQL · Excel · Power BI

Brampton, Ontario, L6Z 1Z2 | +1 (249) 990-1406 | [Gmail](#) | [LinkedIn](#) | [GitHub Portfolio](#)

EDUCATION

Bachelor of Science in Computer Science — Algoma University, Sault Ste. Marie

April 2024 – April 2026

Grade: 91.9% (Cum Laude)

Relevant Coursework: Statistics, Database Programming, Data Structures, Artificial Intelligence, Discrete Mathematics, Object-Oriented Programming

Higher National Diploma in Computing — GNA University, India

October 2020 – June 2023

Grade: Merit

Relevant Coursework: Business Intelligence, Database Design & Development, Machine Learning

Certifications: Google Data Analytics Professional Certificate — Coursera, Career Essentials in Data Analysis — Microsoft & LinkedIn, safeTALK (crisis response, active listening, and communication)

SKILLS

- **Technical:** Advanced Excel (Pivot Tables, VLOOKUP/XLOOKUP, Power Query), Power BI, SQL & MySQL (window functions, joins, CTEs, subqueries), Python
- **Analysis:** RFM Analysis, Customer Segmentation, Cohort Analysis, Data Cleaning, Statistical Analysis
- **Reporting & Stakeholder Work:** Dashboard Development, KPI Reporting, Stakeholder Communication, Cross-Team Coordination
- **Languages:** English (Fluent), Hindi (Fluent), Punjabi (Native)

PROJECTS

RFM Analysis & Customer Segmentation | SQL, MySQL, Power BI | [GitHub Link](#)

- Segmented \$513.7K in transactions across 946 customers into 5 tiers by building RFM scores with SQL window functions, enabling a targeted retention strategy by customer value.
- Identified Loyal Customers as the top-revenue tier — \$167.3K (32.6% of total revenue) — through a Power BI dashboard visualizing segment performance for stakeholder review.
- Flagged 210 at-risk customers holding \$142.8K (27.8%) of revenue and a 49.6-day average purchase gap, prioritizing them for targeted retention outreach.

Sales Analysis | Excel | [GitHub Link](#)

- Uncovered a 24.6% year-over-year revenue increase (from \$9.9M to \$12.4M) by cleaning and analyzing 34,866 sales records spanning 2 years.
- Visualized \$22.3M in revenue across 4 countries through an interactive Excel dashboard built with Pivot Tables, charts, and Year/Month/Country filters.
- Pinpointed the United States (\$10.3M, 46.4%) and the Bikes category (\$11.4M, 51.4%) as the largest drivers of total revenue, informing where sales focus should concentrate.

EXPERIENCE

Peer Tutor — Algoma University

September 2025 – April 2026

- Explained technical and math concepts step-by-step to students across disciplines, building a habit of making data and analysis clear for non-technical audiences.
- Managed one-on-one scheduling and follow-up with students, keeping support consistent and organized in a fast-paced academic setting.
- Closed recurring conceptual gaps within a single session for most students, accelerating comprehension of course material.

Administrative Assistant (Volunteer) — Algoma University Computer Society (ALCOMS)

January 2025 – April 2026

- Designed engaging intake reports and forms for the Computer Society, supporting 30+ executives and a department-wide student membership through cross-functional collaboration.
- Maintained accurate records and streamlined administrative workflows, improving organizational clarity and event preparation efficiency.
